## BATTLESHIP'S BLAST HORROR STILL MYSTERY

Salvors Expected to Solve Reason for Loss of Life At Sea

British Union Press. GLANGSKO, April 21.—The mystery sinking of the 13,500-ton cruiser *Natal* as the result of an explosion in *Cranbury* Fort on Humberston, 1915, drawing 400 men, women and children, may be solved when the Stockholm-Treasure Salvagers Company begins salvage operations as soon as weather conditions permit.

An attempt to salvage the warship was made a few years ago but work had to be abandoned owing to the strong current.

The sinking of the *Natal* was one of the greatest disasters of the war. Children and their parents attended a New Year's party in the ship and were watching a film when the explosion took place.

The *Natal* heeled over and disappeared in four minutes. Only a few people were saved.

The ship lies six miles from Invergordon in 90 feet of water. It is believed that the explosion was internal but no satisfactory explanation has ever been found.

## CUNARDER SHIPS ARE BOYCOTTED; QUEEN MARY SAFE

NEW YORK, April 21.—Joseph R. Ryan, president of the International Longshoremen's Association, today declared a boycott against all Cunard White Star liners in North America, effective at 11 p.m. S.T.

## REBELS AGAIN BOMBARDING MADRID CITY

Pitiful Scene Enacted As Shells Fall On Streets

MADRID, April 21.—Insurgent artillery again bombarded Madrid today. Ordnance outside the capital opened up at 6 a.m., blasting the heart of the city and increasing the toll of death and destruction inflicted by the continued shelling of the last few days.

Pitiful sights greeted the Havas correspondent in a hurried visit to the sectors hardest hit. A personal estimate of casualties listed eight killed and 22 wounded. One child killed a woman and wife.

A smoke-giving with agony in the centre of one policeman, a fore leg blown off, awaiting a reported death from some policeman, a militiaman.

Artillery fighting was reported defence under the capital. The defence Junta announced at noon that insurgent forces in the Jarama valley, southeast of Madrid, had been destroyed from their first defence line at Morata Del Tajuña. A second line was a government flanker.

The drive threatened the southern flank of the insurgent force, besieging the capital, it was claimed.

## MAYOR URGES 50 TAX RATE ON PAY BASIS

Prepared to Support Higher Figure if Employees Get Increase

It is city council remains firm in its refusal to restore pay cuts to strike employees, the 1937 mill rate should be fixed at a five-mill reduction as compared to the 1936 rate. Mayor George A. Clarke, K.C., declared shortly before council met Wednesday to consider the striking of the tax rate.

"Providing any reductions are not thought of as justified in maintaining a high mill rate on one hand and refusing to grant salary increases on the other," he said.

He reiterated statements to the effect that it was unfair for the automobile industry to accept the Fortin plan, pay high interest rates, and then turn around and tell our employees that it is impossible to give them any consideration on their application for restoration of salary reductions.

While it is reported a 55 mill rate is necessary under the Fortin plan, several aldermen have indicated they are not prepared to support this figure. Ald. W. F. Fry said at Tuesday's council meeting that the rate should not be more than 53 or 54.

On the basis of the 1937 budget, a mill is worth about \$53,000.

## Popular American Wrestler Battles In Main Go Friday

Bob Sherman Makes First Appearance Here Being Matched with Hanson—Rated Starry Matman.

Bob Sherman, well-known wrestler in thousands of American fans, will make his initial bow before an Edmonton audience Friday night at the Memorial Hall in the main event of Mike Cutcher's pro wrestling card.

The semi-main event will also introduce a new man to Edmonton the person of Charlie Kneale of St. Louis who will be matched with Hanson.

Physically, a rugged Swede who has been blazing a trail of triumph over his opponents in local events, has been chosen to oppose Sherman.

However, Sherman will be forced to show his best when he meets Hanson. The latter is a tough and anything but scrupulous wrestler. His opponent, on the other hand, has the reputation of meeting his opponents at their own level and on a level as well as the clean.

# INSPECTORATE MEET PLANNED AT RED DEER

Two Distinct Events To Be Held At Lacombe, Red Deer in May

RED DEER, April 21.—Plans were made on Saturday at Red Deer for the annual group meet and track and field day for the Red Deer school inspectorate.

The two events were discussed at a meeting of the Inspectorate Sports association, which was held at the home of Mrs. H. Kelly, Great Bend, with Secretary Wellington Davis, Red Deer, in charge of the meeting.

Teachers were present from Rocky Mountain House, Great Bend, Lacombe, and other schools in the area.

Secretary Davis' financial report showed a balance of about \$40.

However, Sherman will be forced to show his best when he meets Hanson. The latter is a tough and anything but scrupulous wrestler. His opponent, on the other hand, has the reputation of meeting his opponents at their own level and on a level as well as the clean.

# Junior Sportlights

DETERMINED effort to organize a junior box lacrosse team is being made in the west end by a group of young men.

The game is entirely new to them, but the boys are putting in a good deal of time in the evening of Miles Palmer, a veteran of the famous Indian sport.

At present it is a question whether they are going to have any opposition, but it is rumored they have enough players for two clubs.

If other parts of the city take a fancy to lacrosse, as a summer game, it will be included among our sporting attractions.

Willie Winn, captain of the team, is also talking about starting a junior team. Some day a play-off for provincial honors may be witnessed.

Lacrosse, apart from its history, is known as the best summer game to keep a hockey player fit during the lacrosse months. This would be true for the players of the local junior puckers.

In the past years there has been more than one young hockey player who has run in and been so tired that he has had to leave the team.

Each team has its own history, as hockey may be his favorite sport, but there are not too many who have played both sports.
